Promis Toothbrush Soft Eco-Friendly

Promis Brush Single is a manual toothbrush with 6,750 soft, rounded bristles, developed to offer a gentle and uniform daily cleaning.

The high bristle density helps to effectively clean tooth surfaces, while the compact head facilitates access to the back areas and harder-to-reach spots.

Developed with dental experts.
Italian design and German production.

Promis Kids Paste

AP402021
50ml

\$10.82

inc GST

Promis Kids Paste is a natural, fluoride-free toothpaste, developed for the daily oral hygiene of children aged 0 to 6 years.

The gentle formula with hydroxyapatite and xylitol helps care for baby teeth and enamel during the early stages of growth.

Without SLS, triclosan, parabens, microplastics, and artificial colours.

promis
different care

Promis Gel Anti-Plaque

Promis Gel is a natural, no-rinse dental gel, formulated with organic essential oils to compliment daily oral hygiene, even when brushing isn't possible.

It can be applied directly to the teeth with a clean finger or spread with the tongue. It is ideal for use on the go, after meals, at the office, during travel, or after consuming food and drinks.

DIRECTA

Luxator P-Series

Thinner and sharper than the original Luxator instruments, beginning the extraction procedure with the Luxator P-series will simplify your work.

The shape and pen-like action of Luxator P-series provides increased tactility guarantees results with less effort and force required.

The titanium coated tip lowers the friction compared to conventional steel instruments. This ensures better access and effective cutting of the periodontal ligaments.

ethOss EthOss Synthetic Bone Regeneration

EthOss is a combination of Beta-Tri-Calcium Phosphate and Calcium Sulphate, creating an environment rich in phosphate and calcium ions, ideal for bone regrowth.

The Calcium Sulphate acts as a built-in barrier against soft tissue ingress, removing the need for an additional collagen membrane. This simplifies and expedites treatment.

Provides an ethical and highly effective solution for GBR, periodontitis, buccal defects, sinus grafts and extraction socket filling.

Helps new bone to grow quickly, with minimal discomfort and pain.

Over the course of treatment it will be completely replaced by the patient's own bone and it won't leave any remnants in their body.

Easily mixed into a paste with saline and applied using a simple syringe delivery system.

Plain Gut

Monofilament, plain surgical catgut. Natural, absorbable.

The suture strand is further polished to achieve maximum smoothness for reliability and strength.

Uniform diameter allows for an even absorption rate.

Packs of x12 or x36.
