$236.25 inc GST

Indications: Crowns, inlays, onlays, veneers, implant supported crowns.

86% filled for enhanced strength and excellent wear resistance.

Tooth-like elasticity and **thermal expansion** allows for thinner crown margins.

Natural esthetics with enhanced **colour stability** and **polish retention**.

No firing or glazing required, reducing steps and saving time for true one-appointment dentistry.

Easy intraoral polishability, characterisation and repair.

Monocure3D®

PRECISE+ Matte
Dental Model Resin

MON-M/PPD-4220AL
5L, DLP, Almond

$446.60 inc GST

PRECISE+ Matte HD dental resin is **easy-to-use**, **high-quality,** & pin-point **accurate**.

The **Matte finish** reduces surface gloss to minimise glare under lab and clinical lighting, making **fine detail easier to see** during assessment, scanning, and demonstration.

The smooth matte surface finish makes this a **popular choice for** orthodontics, diagnostics, prototypes, aligners and implant models. This is the preferred resin choice by most dental labs due to its high-tensile strength once post-cured.
